Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Lamborn, of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 923 Ellis-st., Louisville, Ky., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and request a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 509 Caldwell bldg., Monticello, Ill.

Olga Nethersole at Lexington Opera House.

Miss Olga Nethersole, the famous English emotional actress, comes to the Lexington Opera House Thursday, April 14th, for two performances, matinee and night. Miss Nethersole will present two of her greatest successes. At the matinee she will present that great, sensational play, "Sapho." At the evening performance she will present her latest and greatest success, "The Writing on the Wall."

Theatregoers will recall that "Sapho" created the greatest sensation in the history of theatricals. "The Writing on the Wall," Miss Nethersole claims, is the greatest play she has ever produced. It deals with an ethical question of vital importance to the entire population of this country.

Manager Scott takes great pride in announcing to the Blue Grass region the coming of this great actress. It is an event in the theatrical history of Lexington.

Orders for seats sent to Manager Scott, will receive prompt attention. The sale of seats opens Tuesday, April 12th.

Cutting Out Booze.

The American people during 1909 drank five million gallons less of whiskey than they did in 1908, according to the figures of the revenue department of the Federal Government. The public is beginning to realize in a small degree, says an exchange that "drinking" can have no place in the present day economics when living has become such a strenuous proposition to many folks. Then the making of "dry" territory has helped some, the argument of brewers and distillers to the contrary notwithstanding. They claim there will be as much drinking without saloons as with them but in the face of this argument the brewers and distillers are always willing to spend money in a fight to keep saloons in a community, giving the lie most emphatically to this flimsy argument.

STOCK, CROP AND FARM NOTES.

—The average condition of winter wheat on April 1 was 80.8 per cent against 82.2 at the same period last year.

—Jesse James Journal says: "Duckworth & Benton sold to Thomas Henton, of Lexington, a pair of six-year-old mules for \$450.

—The Flemingsburg Times-Democrat says the sheep of Fleming county are in bad shape from scab, many of them dying from the disease while others have lost part or all of their wool.

—On account of ill health, Mr. Will A. Gaines, of Scott county, resigned as Second Vice President of the American Saddle Horse Breeders Association, and Mr. Claude M. Thomas, of Paris, was elected in his place.

—Everything points for a demand for more sheep growing in the United States, for this country now consumes about 15,000,000 annually of mutton, and with higher prices of beef and pork this will rapidly increase.

—A slight frost Wednesday night of last week was reported by H. F. Hillenmeyer, the Lexington nurseryman, who stated that the frost was so very light that no damage whatever was done to fruit or vegetables.

—The Harrodsburg Herald says: "J. A. Veatch bought a nine months old jack from J. M. Tarkington for \$700. It is said to be one of the finest individuals ever raised in Boyle county. Since the purchase, Mr. Veatch has refused \$800 for the youngster."

—Feed nothing to newly hatched chicks for the first 24 to 48 hours. Nature has provided for their wants in the yolk of the egg before it emerges from the shell. Feeding too soon hinders the proper assimilation of this natural food and is liable to cause bowel trouble.

—The Maine Farmer says: "More farmers to the land is what is wanted rather than more land to the farmer. There are very few, if indeed there are any, farmers who begin to get the income from their land that it is capable of returning. More investment to the acre is needed. The intensive farming returns the largest profit."

—It is claimed by some that the American Tobacco Company has already purchased 200,000,000 pounds of Burley this season, and that it will not need the Burley holdings, but the Burley people who have kept close tabs on the market say that the purchase made by the American Tobacco Company will not aggregate more than 15,000,000 pounds and that they must have the pooled tobacco.

—The half yearly report of the International Cotton Federation states that the visible supply of cotton is a million bales less than in March, 1909. This fact, however, it is pointed out, need not cause alarm, because of the "short time" in operation and because the tendency in most countries is to spin finer counts, thus using less cotton, while at the end of last season there was a large surplus supply.

—RICHMOND COURT—The Register says: "Court Day brought a very large crowd to town, and a great deal of business was transacted. There were about 1,000 cattle on the market, selling from 4 to 6 cents. Auctioneer Prewitt reports horses as selling at prices ranging from \$40 to \$170, and mules from \$43 to \$87. Of late Court Days there has been a great demand for second hand buggies, and Mr. Prewitt reports a great trade Monday in this line. From time immemorial April Court Day has been the occasion of the annual Stallion Show, and there were on display a lot of handsome animals. Much interest was displayed in the show, and the spirited animals curvetted about to the admiring gaze of hundreds of our citizens, who are true Kentuckians when it comes to loving a horse."

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid rising in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants.
